NOTICE OF PUBLIC INFORMATION CENTRE
FOREST GLEN ROAD RECONSTRUCTION

Dear Resident,

A public Information Centre (PIC) is scheduled for Wednesday, January 27, 2016 for the proposed reconstruction of Forest Glen Road from Queen Street to the north limit. The PIC will be held in the Cane A and B boardrooms located at the Town of Newmarket Municipal Offices at 395 Mulock Drive. The format will be an open house and you are invited to drop by anytime between 6 pm and 8 pm. The purpose of the PIC will be to present the final design prior to calling tenders for the works. The proposed works include;

- Reconstruction of the road including placement of new asphalt driving surface and granular road base replacement;
- Construction of new curb and gutter;
- Replacement of the existing watermain;
- Replacement of the existing sanitary sewer, and;
- Construction of new Low Impact Development (LID) drainage system.

There will be no consideration given to the construction of sidewalk as it is not supported by the Town's Sidewalk Installation Policy. The work is expected to commence in the spring of 2016 subject to a successful tender and contract award and should take approximately twelve (12) weeks to complete, weather permitting.

Project drawings will be on display and representatives from the Town's Development & Infrastructure Services Commission, Engineering Services, representatives of the Lake Simcoe and Region Conservation Authority (LSRCA) and the Town's consulting engineers (Ainley Group) will be available to answer questions and provide information. If you are unable to attend the PIC and have questions regarding this project, please contact Mr. Tom Ungar, P.Eng., Capital Projects Coordinator, Engineering Services, Town of Newmarket at (905) 953-5300, extension 2504, or by e-mail at: tungar@newmarket.ca.
