Independent Auditor's Report

To the Chair and Members of the Town of Newmarket Public Library Board, and Members of Council of the Town of Newmarket

We have audited the accompanying financial statements of The Corporation of the Town of Newmarket Public Library Board, which comprise the statement of financial position as at December 31, 2015, and the statements of financial activities, cash flows and changes in net financial assets for the year then ended, and a summary of significant accounting policies and other explanatory information

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of The Corporation of the Town of Newmarket Public Library Board as at December 31, 2015 and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

TOWN OF NEWMARKET PUBLIC LIBRARY BOARD

Notes to the Financial Statements

Year ended December 31, 2015

1. NATURE OF OPERATIONS

The Town of Newmarket Public Library Board (the "Library") is a local board of the Town of Newmarket (the "Town") deemed to be a public library established under the Public Libraries Act. The Library Board is not subject to income taxes under Section 149(1) of the Income Tax Act (Canada).

2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Library are the representation of management prepared in accordance with local government accounting standards as recommended by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada.

Significant aspects of the accounting policies adopted by the Library are as follows:

(a) *Basis of accounting*

Sources of financing and expenses are reported on the accrual basis of accounting.

The accrual basis of accounting recognizes revenues as they become available and measurable.

Expenses are recognized, as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) *Tangible capital assets*

Assets are amortized in the month following the purchase or in-service date. One half of the annual amortization is charged in the year of acquisition for pooled assets. The capital asset threshold amount is pooled at \$10,000.

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of an asset. The cost, less residual value, of the tangible capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

Library collection	7 years
Equipment	8-10 years
Furniture	15 years
Shelving	15-25 years
Computer hardware	3-4 years

(c) *Non-financial assets*

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(d) *Revenue Recognition*

Government transfers are recognized in the financial statements as revenue when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of financial activities as the stipulation liabilities are settled.

Sales of service and other revenue is recognized on an accrual basis.

TOWN OF NEWMARKET PUBLIC LIBRARY BOARD

Notes to the Financial Statements

Year ended December 31, 2015

(e) *Deferred revenue*

Deferred revenues represent amounts which have been collected but, for which the related services have yet to be performed. These amounts will be recognized as revenues in the fiscal year the services are performed.

(f) *Use of estimates*

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. The principle estimates used in the preparation of these financial statements include the useful life and valuation of tangible capital assets. Actual results could differ from these estimates.

(g) *Cash and cash equivalents*

Cash and cash equivalents include cash on hand, balances with the bank, net of overdrafts and short term deposits with maturities of three months or less. Bank borrowings are considered to be financing activities.

(h) *Pension Plan*

The Municipality is an employer member of the Ontario Municipal Employees Retirement System (OMERS), which is a multi-employer, defined benefit pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of the benefits. The Municipality has adopted defined contribution plan accounting principles for this Plan because insufficient information is available to apply defined benefit plan accounting principles. The Municipality records as pension expense the current service cost, amortization of past service costs and interest costs related to the future employer contributions to the Plan for past employee service.

3. **DUE FROM TOWN OF NEWMARKET**

The amount receivable from the Town of Newmarket is non-interest bearing and has no set terms of repayment.

4. **DEFERRED REVENUE**

Deferred revenue consists of the following:

	2015	2014
Program fees, room rental fees, provincial grant and endowment	\$ 10,895	\$ 4,902

5. **EMPLOYEE FUTURE BENEFITS**

The Library provides vacation pay benefits that will require funding in future periods. Employees may become entitled to a cash payment when they leave the Library's employment. An estimate of employee future benefits was completed at December 31, 2015 and forms the basis for estimated employee future benefit liability reported in these financial statements.

	2015	2014
Vacation pay	\$ 49,350	\$ 48,100

9. PENSION AGREEMENTS

OMERS provides pension services to more than 461,000 active and retired members and approximately 1,000 employers. Each year an independent actuary determines the funding status of OMERS Primary Pension Plan (the Plan) by comparing the actuarial value of invested assets to the estimated present value of all pension benefits that members have earned to date. The most recent actuarial valuation of the Plan was conducted at December 31, 2015. The results of this valuation disclosed total actuarial liabilities of \$81,924 million in respect of benefits accrued for service with actuarial assets at that date of \$74,947 million indicating an actuarial deficit of \$6,977 million. Because OMERS is a multi-employer plan, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, Library does not recognize any share of the OMERS pension surplus or deficit. Contributions made by the Library to OMERS for 2015 were \$162,738 (2014 - \$169,581).
