SHARENEWMARKETTRAILS – MIND YOUR PETS, KEEP THEM LEASHED

Our furry-legged friends love the trails but not all trail users know how to act around our pets and vice versa.

Remember to keep your pets on a short leash at all times in public spaces. A short leash allows you to keep your dog close and under control and help prevent uncomfortable run-ins with others especially during the pandemic when safe physical distancing is important at all times. Mind your pets, keep them leashed and make Fido a great trail ambassador.
